A little bit about us

Built in 1942, the warehouse was originally constructed for the military. We moved in in the early 1990's, and ran a successful antique shop for over 25 years. Deciding to try something new, The Westside Warehouse hosted it's first wedding in 2018. Since then, we have expanded our services and added a new patio space to include outdoor ceremonies; cementing our spot in Atlanta's Westside. The rustic modern industrial space boasts soaring cathedral ceilings, exposed iron beams and all the nicest pieces left over from our time as an antique dealer.

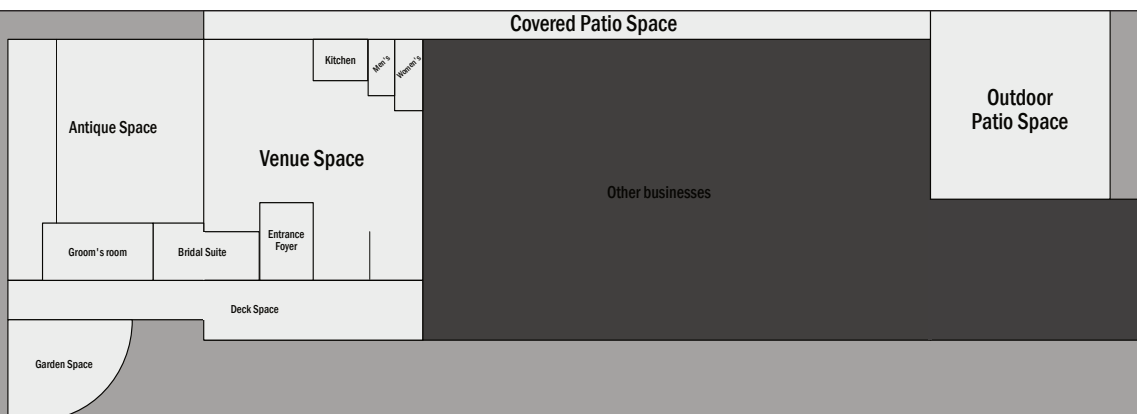

Handcrafted rustic details and elegant lighting fixtures add a touch of personality that will be unique to your event. The warehouse is the perfect canvas to bring your dream wedding into reality.

Our clients are raving!
